

## OIL SPILL EATER II CONCENTRATE

MEETS AUSTRALIAN NATIONAL PLAN OIL  
SPILL CONTROL AGENT REQUIREMENTS  
AS A BIODEGRADATION AGENT

- Natural biological enzyme
- 100% biodegradable
- No known allergens
- Non toxic

**Environmentally Safe**  
MADE IN THE U.S.

OSEII is a bioremediation product that converts hydrocarbons, chlorinated hydrocarbons, and most organic based minerals or waste to CO<sub>2</sub> and H<sub>2</sub>O. OSEII is an effective clean up material on all oil, diesel, petrol and aviation fuels. A full list of contaminants that OSEII has remediated can be found on our website. [www.osei.us](http://www.osei.us) OSEII can be used in fuel spills, Ports, Bays, Refineries, Military Installations and industrial site soil remediation. Contains Nitrogen, Molasses, Non Ionic surfactants, Sugar, Protease, Phosphorous, Amylase and Anionic Surfactants.

### **DIRECTIONS FOR USE**

#### **Crude oil spills on water**

Dilute one part OSEII to 50 parts of salt or fresh water. Spray from a helicopter or barge equipped with spray booms around the perimeter of the spill, then over the entire surface. Reapply if necessary.

#### **Light Petroleum or Gasoline Spills on water**

Dilute one part OSEII to 50 parts water and apply as above. Spray a fine mist throughout the area to reduce chance of ignition.

#### **Crude on Land:**

Dilute one part OSEII to 50 parts water, till soil first if possible. Saturate with water after 24 hrs. Repeat process if needed.

#### **Light Petroleum or Gasoline Spill on Land**

Dilute one part OSEII to 50 parts water. Turn soil first if possible, saturate Spill area. Reapply after 48 hrs if necessary.

### **IMPORTED BY**

#### **CMTA International**

158 Garretts Road, Longford, Vic 3581, Australia

mob +61418363594

**Storage:** Keep in cool dry area and avoid direct sunlight. Do Not store where temp exceeds 49 degrees C

### **FIRST AID**

**EYES - FLUSH WITH WATER**

**SKIN - WASH OFF WITH WATER**

**INGESTION LESS THAN HALF A LITRE NO TOXIC SYMPTOMS SHOULD OCCUR**

**INHALATION - NO ACUTE OR CHRONIC HAZARD**

**NO MEDICAL CONDITIONS ARE KNOWN**

**KEEP OUT OF REACH OF CHILDREN**
